

Area 08 Chair Report / Pre-Conference Assembly / Panel 72

The voice of the Groups we will hear today;
From this duty and calling, our GSRs did not stray
Off to the Conference our Delegate will go;
With our spirit and conscience closely in tow
For his report at the Post-Conference we will patiently wait;
Meanwhile, we'll hold down the fort in Area 08
What to do now? Some servants may ask;
Our Great Responsibility we shall put to task
Who of those locally most need our support?;
For our Primary Purpose we must not abort
Group visits & picnics & workshops abound;
In some of these actions those lost, may be found
A local proposed pamphlet has appeared in our laps;
To discuss & debate, and submit to GSO perhaps
Some seats at the table remain vacant to date;
Arriving to Service, one is never too late
New members and ideas we welcome with LOVE;
The experience of others we are never above
To those already here, our sincerest of gratitude;
Let us strive to maintain a certain simple attitude
In closing I have but one suggestion to make;
The decision is yours to leave or to take
Please come all the way in, sit all the way down;
Heads & hearts in the clouds, feet firmly on ground.
