

Our area secretary Angelina has stepped down, so Richard R is our new secretary and we will be holding a special election at the big day area assembly for a new alternate secretary. Please consider your availability and if you are willing to stand for this commitment. We will all be participating in our areas inventory at big day as well, I hope you had a chance to think about the questions I disseminated and look forward to hearing your thoughts. I had a great time sharing about service at the Escondido workshop and hanging out at young people's events, as well as participating in policy, finance, IT, and young people' committees.
